BUY RECYCLED POLICY

January 2011

Authorised: Andrew Robertson, Chief Executive Officer

Purpose:

The purpose of this policy is to implement a 'Buy Recycled' procurement practice as part of our obligations to the Australian Packaging Covenant and sustainability objectives generally.

Scope:

This policy applies to the purchase of **all** products and/or materials conducted for, or on behalf of Fix-A-Tap Australia Pty Ltd.

Buy Recycled Policy

Fix-A-Tap Australia Pty Ltd will:

- i. Purchase products and materials with recycled content whenever deemed practicable, environmentally beneficial and fit for the purpose that meets customer criteria.
- ii. Substitute existing products and materials with recycled content whenever deemed practicable, environmentally beneficial and fit for the purpose that meets customer criteria.
- iii. Require contractors and suppliers, where practicable and environmentally beneficial, to specify the quantity of recycled materials within the products and/or materials to be supplied.

Definitions:

Environmentally beneficial: Minimise the overall environmental impact based on sound science and a whole-of-lifecycle approach.

Practicable: reasonably capable of being accomplished, feasible, meets cost, performance, safety and regulatory requirements.

Recycled content: the proportion, by mass, of recycled material in a product or packaging. Only pre-consumer and post-consumer materials are considered to be recycled content (AS/NZIS ISO 14021:2000, Environmental Labels and declarations – Self declared environmental claims).
